

# Topic: What are the similarities and differences between transport now and in the past?

## New Vocabulary

Transport	Something that moves people and 'things' around
Vehicle	Something that carries people or things.
Travel	A journey from place to place
Same	Identical
Different	Not the same

## New Knowledge

Vehicles are used to move things long distances.

Cars and other vehicles have changed over time

Some grandparents may not have had a car when they were younger because they were very expensive.

## Prior Learning

Pupils have learned that people travel around in different ways.  
Pupils know that there are different forms of transport.

Did you know the first way to transport something was with a horse or a camel?
