Vikki is determined to ensure that all have access to the best teaching and learning and wider opportunities so they may experience fullness of life.	Marie is fully committed to ensuring an inclusive, vibrant and welcoming community, working closely with parents and carers to ensure the best for all children.	Rev. Janet has a desire to see people flourish, and to produce the best possible education for every child.	Leanne wants to provide appropriate support and challenge to ensure all children have a positive experience.	Lyndsey has worked at Hart Primary for a number of years and has strong relationships with staff, children and parents. She has led a variety of different subjects and has supported staff within these roles. She is looking forward to developing her role within the LGB to develop children to be the best they can be.	Jade has had experience in leading a variety of curriculum subjects and is looking forward to contributing to the local governing body.	Leigh is a former further education lecturer in the creative arts who now works as the marketing lead for a sixth form college. With a passion for education and a mum herself she hopes to support and inspire young people.	I am a Senior Safeguarding Lawyer for a Local Authority, specialising in child protection and safeguarding vulnerable adults. In becoming a School Governor, it gives me an opportunity to use the skills I have developed in my own working life to the benefit of the children, give back to an education system we all benefitted from, and be involved in the strategic decisions and future direction of the schools.		Ruth has a strong commitment to improving outcomes for children and enriching the lives of young people.	As a teacher and a governor his main priority is to secure the highest standard of education for the children in the schools he serves.		Tracey's philosophy is to help children be the best they can be and believes that all children should be able to enjoy their learning and achieve their goals.
