

Primary Practice Questions

Percentages of Amounts

Tips

- Read each question carefully
- Attempt every question.
- Check your answers seem right.
- Always show your workings

Recap

Remember

- There are daily questions found at
www.corbettmathsprimary.com/5-a-day/

1.

50% of 32

A 20x10 grid of squares. In the bottom right corner, there is a rectangular box that is 4 squares wide and 2 squares high. The box is empty and has a black border.

2.

25% of 12

A 20x10 grid of squares. In the bottom right corner, there is a rectangular box that is 4 squares wide and 2 squares high. The box is empty and has a black border.

3.

10% of 60

A 20x10 grid of squares. In the bottom right corner, there is a rectangular box that is 4 squares wide and 2 squares high. The box is empty and has a black border.

4.

50% of 17

A 20x10 grid of squares. In the bottom right corner, there is a rectangular box that is 5 squares wide and 2 squares high. The box is empty and has a black border.

5.

25% of 600

A 20x10 grid of squares. In the bottom right corner, there is a rectangular box that is 5 squares wide and 2 squares high. The box is empty and has a black border.

6.

75% of 48

A 20x10 grid of squares. In the bottom right corner, there is a rectangular box that is 5 squares wide and 2 squares high. The box is empty and has a black border.

7.

10% of 800

A 20x10 grid of squares. In the bottom right corner, there is a rectangular box that is 4 squares wide and 2 squares high. The box is empty and has a black border.

8.

1% of 700

A 20x10 grid of squares. In the bottom right corner, there is a rectangular box that is 4 squares wide and 2 squares high. The box is empty and has a black border.

9.

20% of 30

A 20x10 grid of squares. In the bottom right corner, there is a rectangular box that is 4 squares wide and 2 squares high. The box is empty and has a black border.

10.

30% of 70

A 20x10 grid of squares. In the bottom right corner, there is a rectangular box that is 5 squares wide and 2 squares high. The box is empty and has a black border.

11.

5% of 9,000

A 20x10 grid of squares. In the bottom right corner, there is a rectangular box that is 5 squares wide and 2 squares high. The box is empty and has a black border.

12.

20% of 1,600

A 20x10 grid of squares. In the bottom right corner, there is a rectangular box that is 5 squares wide and 2 squares high. The box is empty and has a black border.

13.

60% of 460

A 20x10 grid of squares. A rectangular box is drawn in the bottom right corner, spanning 5 squares horizontally and 2 squares vertically.

14.

3% of 500

A 20x10 grid of squares. A rectangular box is drawn in the bottom right corner, spanning 5 squares horizontally and 2 squares vertically.

15.

15% of 4,000

A 20x10 grid of squares. A rectangular box is drawn in the bottom right corner, spanning 5 squares horizontally and 2 squares vertically.

16.

35% of 820

A 20x10 grid of squares. In the bottom right corner, there is a rectangular box that is 4 squares wide and 2 squares high, spanning from the 16th to the 20th column and the 8th to the 10th row.

17.

15% \times 660

A 20x10 grid of squares. In the bottom right corner, there is a rectangular box that is 4 squares wide and 2 squares high, spanning from the 16th to the 20th column and the 8th to the 10th row.

18.

4% \times 6,000

A 20x10 grid of squares. In the bottom right corner, there is a rectangular box that is 4 squares wide and 2 squares high, spanning from the 16th to the 20th column and the 8th to the 10th row.

19. A school has 152 students

50% of the students are boys.

How many of students are boys?
