Katy believes that school improvement, through collaboration and challenge, is essential if this is to be achieved for all children.	Revd Janet has a desire to see people flourish, and to produce the best possible education for every child.	Leanne wants to provide appropriate support and challenge to ensure all children have a positive experience. .	Sara has a desire to get to know her pupils and their families, show them how much they matter, and work together to support them in their growth in becoming the best they can be.	Elizabeth has had experience in leading a variety of curriculum subjects and is looking forward to contributing to the local governing body.	Sarah has a relentless drive for ensuring children receive quality education		Jonathan has had a relentless focus on education and supporting young people, experience he brings to the governing body.		As a teacher and a governor his main priority is to secure the highest standard of education for the children in the schools he serves.	Schools that Kirstie supports, benefit from the consistent, responsive, and pragmatic advice given, allowing her to focus on what each individual school requires.	Karen is an active fundraiser for local charities and feels her overall work and life experience will help her support the governing body well.	Tracey's philosophy is to help children be the best they can be and believes that all children should be able to enjoy their learning and achieve their goals.
